

**DECLARATION OF ROBERT A. HUBER**

I, Robert A. Huber, hereby declare and state as follows:

1. I am fully competent to make this Declaration and have personal knowledge of the matters stated herein.

2. I am a former Senior Contracts Director for DynCorp International LLC ("DI" or "the Company"), a position I held from September 2012 to November 2016. In that position, and as applicable here, I was responsible for the administration of DI's Worldwide Protective Services ("WPS") Program contract with the United States Department of State. As part of my duties, I routinely interfaced with State Department personnel with respect to DI's performance of its contractual obligations under the WPS Program contract. Moreover, I advised DI management regarding its rights and obligations under the WPS Program contract and, when necessary, worked directly with DI's legal department on WPS Program contract-related issues.

3. To the best of my recollection, and based on my review of an email string dated July 30 and 31, 2013, of which I was a part, the State Department had short paid invoices DI had submitted for processing. DI management very strongly believed that the State Department had no valid reason for short paying the at-issue invoices. As a result, the Company started to evaluate its legal options and, as part of this process, involved its legal department and, in particular, Christopher Bellomy, who was an in-house lawyer specializing in contract law.

4. In the July 31, 2013 e-mail I drafted to Darin Powers, which I sent at 8:20 am, I purposefully copied Mr. Bellomy because, to the best of my recollection, I wanted to keep him apprised of the ongoing discussions as they related to the short paid invoices. I knew from my experience that DI's in-house lawyers would be involved in any potential claims process with the State Department and, therefore, Mr. Bellomy needed to have a complete understanding of the facts underlying any future claim in order to form a legal basis for advocating DI's position with the State Department.

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct to the best of my recollection.

Executed this 15<sup>th</sup> day of August, 2017.

Robert A. Huber
